

CYBERS'TALKING & HARASSMENT

The Internet has become an important part of our life, we use it for work, play and study but we must be aware of who and what we communicate with.

Some tips to avoid being stalked or harassed on the Internet:

- ⊙ Don't respond to messages that asking for your information.
- ⊙ Choose a genderless (male/female) screen name when chatting.
- ⊙ Don't share your personal feeling with strangers, unless you're prepared to face the dangers.
- ⊙ Save disturbing or threatening messages and report them to the Malaysian Computer Emergency Response Team (MyCERT) at <http://www.mycert.org.my/cyber999/>
- ⊙ Do a search on yourself by using a search engine to make sure no personal information is posted by others about you.
- ⊙ If the situation becomes uncomfortable, log off and surf elsewhere.
