

# MAKING FRIENDS ONLINE SOCIAL NETWORKING

## SOME TIPS FOR SAFE SOCIAL NETWORKING

- ! *Don't reveal too much information about yourself on the "Your Profile".*
- ! *Be careful when communicating with people you've only met recently online, especially those asking personal questions.*
- ! *Delete any messages of those who write comments that may not be appropriate.*
- ! *Do not post information about your friends as you could put them at risk.*
- ! *Remember, what you post online are not private and can be seen by anyone.*
- ! *Add people as friends to your site if you know them in person.*
- ! *Check the rules on social networking sites such as Friendster, MySpace, Facebook before using it to make friends.*
